

**Talbot Family Network
Racial Equity Committee**

7/1/20
Notes

In attendance – Linda Webb, William Johnson, Estela Ramirez, Marlene Thomas, Jazmine Paxon, Samantha Martinez, and Katie Sevon

The committee reviewed data from the survey to prior training attendees. It would be good at the basic trainings going forward to share basic community data.

Due to COVID, FY21 trainings may need to take place online. Virtual may not be as in depth. It may allow more people to participate though. This may be opportunity to develop EDI resource of webinars and other online tools for the community.

Conversations on Race will move to virtual. Plans will be made to help maintain the trust and safety of participants.

Youth Engagement – can TFN partner with the NAACP youth chapter? There is an ambassador program led by local high school students. How can TFN support more youth engagement around equity in the community?

Policy considerations for future discussion. Should training be mandatory for Board members? What updates are needed for the Bylaws?
