The Service Review Committee met, reviewed, and scored the proposals received in response to the RFP released in January 2020. Two proposals were reviewed.

- Talbot County Public Schools

After a full discussion of the proposals for the future of the Career Pathways program, Jeanine Beasley made the motion to recommend for approval by the Talbot Family Network Board, the Neighborhood Service Center as the vendor of the Career Pathways program at the requested amount for the remainder of FY20. Catherine Poe seconded the motion, all were in favor, none opposed, and the motion passed unanimously.
